Ferryman Liferaft

- Over 90 years technical expertise
- World leader
- Largest global service network
- Quality assured

Ferryman Liferaft

AT THE FOREFRONT OF SURVIVAL TECHNOLOGY

Our mission is to continually strengthen our position as global leader in the supply of survival equipment to the maritime industry through customer focus, product excellence and technical innovation.

The RFD Ferryman combines forward thinking design with over 90 years of unparalleled knowledge and expertise in the marine safety industry. Designed specifically for passenger vessels and operating in coastal and inland waterways and high speed crafts, the RFD Ferryman remains the industry's premium open reversible liferaft

THE RFD DISTINCTION

We are committed to maintaining the highest of quality standards across our entire product range. The RFD Ferryman is manufactured from polyurethane coated nylon material – a high quality non-abrasive and corrosive resistant fabric, which maximises the life span of the liferaft, reducing servicing costs. In addition the RFD Ferryman comes in multiple container configurations, such as cylindrical or flat pack GRP containers.

Each of our products is supported by a strong servicing network with over 400 Survitec Group fully approved service stations globally. This commitment ensures our customers can access a servicing facility anywhere in the world.

RFD FERRYMAN FEATURES

- Manufactured from durable polyurethane coated nylon material
- Lead weighted water pockets to ensure maximum stability when inflated.
- Highly visible retro-reflective strips.
- Fitted with lights for night detection.
- Stowed in lightweight GRP containers with multiple container options available
- Can be packed with either an 'E', 'HSC' or 'Solas B' type emergency pack
- Easy access boarding ramps located around the liferaft.

FERRYMAN SPECIFICATIONS

Rated capacity	Diameter. Inflated size (m)
25/30	4.11
50/65	5.81
100/130	5.81 by 2 liferafts

Cylindrical container			
Rated capacity	Length (mm)	Diameter (mm)	Weight Approx operational (kg)
25/30	1260	485	94
50/65	1635	585	169
100/130	1690	744	309

Flatpack container			
Rated capacity	Length (mm)	Diameter (mm)	Weight Approx operational (kg)
25/30	1190	650	100
50/65	1525	770	176

All dimensions are approximate values
